(Continued from page 3.)

benefit I may say that all business meetings of the road board are advertised and citizens as well as taxpayers cordially invited to attend. At such meetings all bills tendered, and paid, are examined and discussed in public.

The chairman of this abused road board is accused with the "unpardonable sin" of being a British subject and consequently unfit to occupy the cherished position of roadmaker to the tender feet of "Hamakua". No doubt this allegation can be rescinded by Mr. Lidgate, if he considers it worth while wasting ink on his accuser. Again the chairman is charged with collecting \$10.00 per trip while on road board duty. Having closely attended road board meeting for several years I am in a position to assure your correspondent to the contrary. The only recompense there seems to be for honest and conscientious unpaid public servants, who do their duty with a moral sense of responsibility, is the contempt and abuse of our local demagogues, who seemingly are possessed of more leisure than sense of justice and during recent years have become professional in originating petitions for the removal of public servants who do their duty honestly and regardless of criticism. If your correspondent has a grain of that quality called "manliness" left him, and if his convictions are honest, why tender his complaint over the endorsement of a nom de plume? Rather let him come forward and present his grievances, if he has any, when I feel confident, as heretofore, if within the power of the road board, due consideration will be his as well as the sympathy of all right-minded taxpayers.

AUDI ALTERAM.

CIVIL SERVICE EXAMINATION.

Chances for Ambitious People to Enter Employment of United States.

A series of examinations will be held in Hilo under the supervision of the local Board of U. S. Civil Service examiners on Tuesday, April 22nd, and Saturday, April 26th. All persons of full age, who are citizens of the United States and not physically disqualified are privileged to any one or more of the examinations for the following positions, on the dates named: Tuesday, April 22d, 1902—Clerk, Departmental; electrotype finisher, electrotype moulder, press feeder, promotion to clerk, railway mail clerk, letter carrier, customs inspector (day), customs inspector (night), customs boatman, inspector-internal revenue, stenographer stenographer and typewriter, typewriter.

Philippine service—stenographer, typewriter, stenographer-typewriter, stenographer-typewriter-junior translator (Spanish), translator (Spanish).

Saturday, April 26th, 1902—aid, coast and geodetic survey; assistant examiner, patent office; assistant topographer, civil and electrical engineer, copyist-topographic draftsman, inspector and assistant inspector (meat).

Special attention is called to the examinations for the Philippine service. Examinations for positions in the classified service within the United States are entirely distinct and separate from those for the Philippine service, although the same examination is given for positions in both services. Persons that desire to become eligible, however, in both services must file separate and must indicate in their applications the service for which they desire to be examined. No person under 18 or over 40 years of age will be admitted to an examination for the Philippine service, and all applicants are required to furnish proper medical certificate to determine whether physically capable of performing service in the Philippine Islands.

Appointments to federal positions in Hawaii in the Post Office, Custom House and Internal Revenue Service, will be made from the list of eligibles who qualify by taking the prescribed examination. There is a demand for eligibles for appointment as clerk-carriers in the

local Post Office service in Hawaii.

Persons seeking information or application blanks for any of the above positions should apply to the Secretary, Civil Service Board of Examiners, Honolulu, or to H. Moses, Hilo Post Office, or J. Castle Ridgway, Hilo, Hawaii.

FRANCE HAS DEFICIT TO FACE.

Receipts Fall Thirty-six Million Dollars Below the Estimates.

New York, January 13. A cable to the Tribune from Paris says: An official statement of the Ministry of Finance shows a still further decrease in the national revenue, the receipts for December being \$1,654,368 below the estimates and \$4,021,000 below the receipts for December, 1900. This makes for 1901 a deficit of \$23,930,000 in regard to estimates and \$34,539,440 below the actual receipts of the year 1900, but the real situation is even worse, because, besides this falling off in revenue, there is also increased expenditure, so far known to be \$12,300,000, not included in the budget, to be accounted for; so that, taking this latter sum into consideration, the actual deficit below the estimates for the year 1901 amounts to the enormous sum of \$36,130,000.

Three items which indicate the most marked decrease in the revenues are the customs receipts, which fell off \$6,200,000, mainly owing to diminished wine imports, consequent upon plentiful vintage; the new liquor law, which is responsible for a shortage of \$13,000,000 in excise revenue, and the new sugar law, which caused a decline in the receipts of \$8,200,000. This total shortage of \$31,130,000 from estimates is the largest deficit ever yet recorded for any one year in France during a period of peace.

Peculiar Customs.

One of the unique customs in Hilo, which has so far withstood the encroachments of progress is the aversion shown by professional men for office rooms on the second floor. In Honolulu, lawyers have given up bungalow first floor offices and have availed themselves of modern suites in the lofty sky scrapers which sprung up like mushrooms in the tide of prosperity that followed annexation. Physicians in the capitol city still manage to avoid climbing a flight of steps, although a few will be found on the upper floors of some of the new blocks.

In Hilo there is not a lawyer whose clients are required to overcome more than a very small degree of the force of gravity in order to obtain an audience. This is also true of physicians and professional men of all kinds.

The Peacock building, a modern up-to-date, fire proof structure devotes a second floor entirely to offices. The finish is rich and the building is equipped with every convenience. Because of the prevailing prejudice to stairways, the coolest office rooms in the city may be had at a ridiculously low rate.

Scheepers Shot.

New York, January 22.—It has just been discovered that through a cable error an Associated Press dispatch announced that the death sentence upon Commandant Scheepers of the Boer army had been confirmed by General Kitchener and that he would be executed next Saturday. The fact is that he was executed on last Saturday, January 18th.

A Patented Comb.

They cure dandruff, hair falling, headache, etc., yet cost the same as an ordinary comb. Dr. White's Electric Comb. The only patented Comb in the world. People, everywhere it has been introduced, are wild with delight. You simply comb your hair each day, and the comb does the rest. Manufacturers of Pure Bone Fertilizers
and Pure Bone Meal.

DEALERS IN

Fertilizer Materials of Every Description.

Have constantly on hand the following goods adapted to the Island trade:

HIGH GRADE CANE MANURE, DIAMOND A FERTILIZERS, NITRATE OF SODA, SULPHATE OF AMMONIA, HIGH GRADE SULPHATE OF POTASH, FISH GUANO, WOOL DUST, ETC.

Special Manures Manufactured to Order.

The Manures manufactured by the CALIFORNIA FERTILIZER WORKS are made entirely from clean bone treated with acid, Dry Blood and Fish, Potash and magnesia Salts. No adulteration of any kind is used, and every ton is sold under a guaranteed analysis. One ton or one thousand tons are almost exactly alike, and for excellent mechanical condition and high analysis have no superior in the market. The superiority of Pure Bone over any other Phosphatic material for Fertilizer use is so well known that it needs no explanation. The large and constantly increasing demand for the Fertilizers manufactured by the California Fertilizer Works is the best possible proof of their superior quality.

A Stock of "DIAMOND A" Fertilizer will be kept constantly on hand and for sale on the usual terms, by L. TURNER CO., Ltd., Hilo.

For Terms of Sale, which are equivalent to San Francisco prices with freight and other charges added, address:
